

ST. WILFRED'S P.G. COLLEGE

(Affiliated to the University of Rajasthan)

Pre Placement Activity

Pre-Placement activities are crucial components of the college experience that prepare students for successful entry into the job market. These activities are designed to equip students with the skills, knowledge, and confidence they need to secure meaningful employment upon graduation. Here's an overview of pre-placement activities in college:

1. **Resume Workshops:** These workshops focus on crafting effective resumes that highlight students' skills, experiences, and accomplishments. Students learn how to tailor their resumes for specific job roles and industries, increasing their chances of catching the attention of potential employers.
2. **Mock Interviews:** Mock interview sessions simulate real job interviews, helping students practice their communication skills, refine their responses to common interview questions, and receive constructive feedback from career advisors or industry professionals.
3. **Soft Skills Training:** Soft skills, such as communication, teamwork, problem-solving, and leadership, are essential for success in any job. Pre-placement activities often include workshops or seminars that help students develop and enhance these skills.
4. **Industry Awareness Seminars:** These seminars provide insights into various industries, including trends, expectations, and career opportunities. They help students make informed decisions about their career paths and align their skills with industry demands.
5. **Networking Events:** Colleges organize networking sessions where students can interact with alumni, professionals, and recruiters. These events help students expand their professional networks, gain valuable contacts, and learn about potential job openings.
6. **Company Presentations:** Representatives from different companies may visit the campus to introduce students to their organizations. These presentations provide information about company culture, job roles, and application processes.
7. **Aptitude and Technical Training:** Depending on their field of study, students might undergo training in aptitude tests, technical skills, programming languages, and software tools relevant to their desired job roles.
8. **Personality Development Workshops:** These workshops focus on improving students' overall personalities, boosting self-confidence, enhancing communication skills, and developing a professional demeanor.
9. **Career Counseling:** Career counselors guide students in understanding their strengths, interests, and career aspirations. They help students make informed decisions about their career paths and set achievable goals.
10. **Job Fair Preparations:** Colleges often organize job fairs where students can interact with multiple employers in one location. Pre-placement activities include preparing students for

ST. WILFRED'S P.G. COLLEGE

(Affiliated to the University of Rajasthan)

these events, guiding them on how to approach employers, and helping them present themselves effectively.

- 11. Portfolio Development:** Students in creative fields, such as design or art, might work on creating portfolios showcasing their best work. These portfolios are essential for demonstrating their skills to potential employers.
- 12. Industry Visits and Internships:** Some colleges facilitate visits to industries or arrange internships, giving students firsthand experience of real workplace environments and industry operations.
- 13. Online Presence Building:** In the digital age, having a strong online presence is important. Pre-placement activities might include guidance on building a professional LinkedIn profile and using social media effectively.

Pre-placement activities play a vital role in bridging the gap between academia and the professional world. They empower students with the skills and resources needed to navigate the competitive job market, secure internships or jobs, and embark on successful careers.

Our college also organized various Pre Placement Activities in previous years. List of such activities is as follow:

S. No.	Activity	Resource Person	Session
1.	Career Counseling Session for XII Students	Ms. Rishabha Jain	2018-19
2.	Personality Development class for BSC	Prof. N. P. Singh	2018-19
3.	Communication and Personality Development Classes	Dr. Ritu Mehra	2018-19
4.	Spoken English Session	Dr. Priti Sharma	2018-19
5.	Workshop on How to Face an Interview	Dr. Bhupendra Khanna	2018-19
6.	Workshop on Cloud Computing	Mr. Amit Thakur	2018-19
7.	Workshop on 'Role of Instrumentation Techniques in Chemical Science	Dr. Rajendra Ghunsaria	2018-19
8.	Career Counselling Session for 12 th Students	Mr. Vikash Fulwariya	2019-20
9.	Two day workshop on Ethical Hacking	Dr. Amit Thakur	2019-20
10.	Workshop on Psychology as a career: Prospects & Future Possibilities	Prof. AVS Madnawat	2019-20
11.	Workshop on Chemistry and Career	Dr. Mridula Sharma	2019-20
12.	Seminar on Android Studio	Dr. Ruchi Sharma	2019-20

ST. WILFRED'S P.G. COLLEGE

(Affiliated to the University of Rajasthan)

13.	Webinar on 'Spectroscopic Techniques and Applications'	Prof. R.K. Bansal & Dr. Neeta Azad	2020-21
14.	Workshop on Soft Skills for B.A. 1 Students (Online)	Dr. Aditi Joshi	2020-21
15.	Webinar on How A.I. , Data Science & IoT are used in Digital India Program to foster economic Growth	Dr. Manju Gupta	2020-21
16.	Career Development & Personality (Grooming Session Online)	Ms. Pradnya Kadam	2020-21
17.	Charcha Live on Scope of Applied Science in Job Placement & Research Area	Dr. Sunil Kumar, Dr. Vivek Pandey, Mr. Suraj Singh & Mr. Mandeep Singh	2020-21
18.	Seminar on Personality Development	Dr. Aditi Joshi	2021-22
19.	Animation workshop	Dr. A.K. Tiwari	2021-22
20.	Workshop on Digital Marketing	Dr. M.C. Sharma	2021-22
21.	Workshop on Artificial Intelligence	Dr. Ajay Tiwari	2021-22
22.	Charcha Live on Mega Career Counselling Session	Northern India Regional Council & ICA	2021-22
23.	Seminar on Personality Development	Dr. Garima Mishra	2022-23
24.	Workshop on Tech Ready Job Ready by Edureka Learning Center	Ms. Priya	2022-23
25.	One Day Seminar "How To Crack Interview"	Ms. Pratiksha Patil	2022-23
26.	One Day Resume Building Session	Dr. Aditi Joshi	2022-23
27.	One Day Workshop on Computer Basics	Prof. A.K. Tiwari	2022-23
28.	One day Tally Workshop	Dr. Sangeeta Kumari	2022-23
29.	Campus interview for students and Internship opportunity	COSMOS Company	2022-23
30.	Placement Drive On Tele performance for Amazon Process	Gurumukh Kamal (HR)	2022-23
31.	"AWS CLOUD WORKSHOP"	Mr. Ashish ,Mr. Tushar Goyal (Regex Technology)	2022-23

Activity Report	
Name of Activity	Career Counseling Session for XII Students
Title	Career Counseling Session for School Students
Date	16 August 2018
Venue	St. Wilfred's College of Arts, Commerce and Science
Organized by	TPO & Student Development Cell
Faculty Coordinator	Dr. Neeta Birari
Resource Person	Ms. Rishabha Jain
Enrolled Students	134
Event Summary	<p>Career counselling Session was organized in college. It was mentioned that transitioning from high school to college can be a significant turning point in a student's life. It is a time of great opportunity and exploration, but it can also be overwhelming for students who are unsure of their career path. College is an excellent time for students to focus on their personal and professional development, and here are some tips to help them find their way like Take advantage of Career Services, Get Involved in Campus Activities, Seek Mentorship, Experiment and Explore etc. In conclusion, college is an excellent time for students to explore their career options and develop the skills and knowledge necessary to succeed in their chosen profession. By taking advantage of career services, getting involved in campus activities, seeking mentorship, and experimenting and exploring, students can find their path and achieve their career goals.</p>

Faculty Coordinator	Ms. Rajshree Mhatre
Resource Person	Mr. Amit Thakur
Enrolled Student	251
Event Summary	<p>Cloud computing was a groundbreaking technology that revolutionized the way businesses and individuals store, process, and manage data. It allowed users to access computing resources, such as servers, storage, and applications, over the internet, rather than relying on physical hardware located on-site. Initially, cloud computing was seen as a niche technology, accessible only to large corporations and tech-savvy users. However, as the technology evolved and became more widely adopted, cloud computing became more accessible and affordable to businesses and individuals of all sizes. Cloud computing offered a range of benefits, including increased flexibility, scalability, and cost-efficiency.</p>

Title	“Career Counselling”
Date	23/7/2019
Venue	Seminar Hall, St. Wilfred’s of College Arts, Commerce and Science
Organized by	Student Development Cell
Faculty Coordinator	Dr. Neeta Birari
Resource Person	Mr. Vikash Fulwariya
Enrolled Students	102
Event Summary	<p>Career Counselling Session for 12th Students was conducted on 23 July,2019. A career counselling session is a meeting between a professional career counsellor and an individual seeking guidance and advice regarding their career path. The session usually involves discussions about the individual's interests, skills, values, and aspirations, with the goal of helping them make informed decisions about their career. Career counselling sessions have been an important resource for individuals seeking guidance and support in their career journey. These sessions were often conducted by trained professionals with expertise in career development and counselling. During the session, the career counsellor would typically conduct assessments to identify the individual's strengths, weaknesses.</p>

Resource Person	Dr. Mridula Sharma
Enrolled Students	114
Event Summary	<p>The seminar on Chemistry and Career was an insightful event that provided a platform for students to learn about the diverse career options available to them in the field of chemistry. The seminar was led by experts in the field of chemistry and industry professionals who shared their experiences and insights. During the seminar, we were introduced to the various career paths that are available in the field of chemistry. We learned about the different roles and responsibilities of chemists in different industries, including pharmaceuticals, biotechnology, petrochemicals, and environmental science. The speakers highlighted the importance of having a strong foundation in chemistry, and how this could lead to a successful career. They also emphasized the need for continuous learning and development in order to stay relevant in an ever-changing industry. Overall, the seminar on Chemistry and Career was an informative and inspiring event that provided us with a glimpse into the diverse career opportunities available in the field of chemistry. It reinforced the importance of developing a strong foundation in chemistry and continuously learning and growing in order to succeed in this exciting and dynamic industry.</p>

Title	Android Studio
Date	23/12/2019
Venue	Seminar Hall, St. Wilfred's of College Arts, Commerce and Science
Organized by	Department of Computer Science
Faculty Coordinator	Ms. Ranjana Joshi
Resource Person	Dr. Ruchi Sharma
Enrolled Students	106
Event Summary	<p>Android Studio is an integrated development environment (IDE) used by developers to build and test Android apps. It provides a range of features and tools to help developers create high-quality Android apps with ease. The platform was easy to navigate, with a clear layout and intuitive design that made it easy to access and use the various features and tools. One of the key features of Android Studio was the ability to create virtual devices, which allowed the students to test my apps on a range of different devices without the need for physical hardware. This feature was particularly useful as it allowed them to simulate different screen sizes, resolutions, and other device specifications, ensuring that the app was compatible with a range of different devices.</p>

Faculty Coordinator	Dr. Savita Agrawal
Resource Person	Prof. R.K. Bansal & Dr. Neeta Azad
Enrolled Student	84
Event Summary	<p>It aims to provide an overview of spectroscopic techniques and their applications. Spectroscopy, a powerful analytical tool, allows scientists to study the interaction between matter and electromagnetic radiation across a broad range of wavelengths. This report will focus on the past applications of spectroscopic techniques and their significance in various scientific fields. In the past, spectroscopic techniques have been extensively employed across multiple scientific disciplines. The applications discussed in this report highlight the significance of absorption spectroscopy, infrared spectroscopy, Raman spectroscopy, NMR spectroscopy, and mass spectrometry. These techniques provided valuable insights into molecular structures, chemical compositions, and interactions, contributing to advancements in fields such as chemistry, biology, material science, and environmental monitoring.</p>

TPO CELL & Department of Computer Science	
Activity Report	
Name of Activity	Campus interview for students and Internship opportunity
Title	Campus interview for students and Internship opportunity
Date	17th April 23
Venue	St. Wilfred's College of Arts, Commerce and Science
Organized by	TPO CELL & Department of Computer Science
Faculty Coordinator	Dr. Ranjana Joshi
Resource Person	COSMOS Company
Enrolled Student	167
Event Summary	<p>Campus interviews are a great opportunity for students to showcase their skills and secure internships. In the past, many companies have come to college campuses to conduct interviews for internships and entry-level positions. These interviews were highly competitive, and students would often spend a lot of time preparing for them. During the interviews, students would have to present their resumes and answer questions about their skills and experience. The companies would evaluate the students based on their communication skills, problem-solving abilities, and observe whether they are fit for the organization. Students thus found opportunities through the campus interview.</p>
