Where the mind is without fear! where the head is held high!

TPO CELL & Department of Computer Science & Information Technology

NAME OF ACTIVITY: Workshop on “Building Boundaries” for Information Technology

DATE & DURATION: September 14, 2022

TYPE OF ACTIVITY: TPO CELL & Department Computer Science & Information Technology

ORGANIZER(S): Department of Computer Science & Information Technology, ACS, Mumbai.

EXPECTED OUTCOMES:

- CO1: students will be able to Understand the importance of setting boundaries in various aspects of life
- CO2: students will be able to Develop practical skills in time management and prioritization.
- CO3: students will be able to Manage technology use effectively to maintain digital boundaries and promote well-being

MAPPINGS WITH PO & PSO: Mapping Levels: 1- Low, 2- Moderate, 3- Strong

Science & Information Technology students.

The main objective of this session is to get students understand the Different career perspective in

IT or other fields The Resource Person discussed the following:

- Guidelines for students to use social media platforms responsibly. Give the Brief knowledge about after graduation scope for students.
- Measures to safeguard students' personal information and ensure compliance with data protection laws.
- Protocols to address and prevent cyberbullying incidents on social media.

Anisalla

PRINCIPAL
St. Wilfred's College of
Arts, Commerce & Science

Where the mind is without fear! where the head is held high

- Policies to uphold academic honesty, discourage plagiarism, and promote proper citation practices.
- Guidance on managing online presence, networking, and using social media for career development.

Report of the Event: The TPO Cell and the Department of Computer Science at our college collaborated to organize a dynamic workshop focused on "Building Boundaries" for the Computer Science Department. The event aimed to provide students with valuable insights and strategies to explore the diverse boundaries within the field of computer science, empowering them to excel in their academic and professional pursuits. Through interactive sessions and expert-led discussions, participants gained a deeper understanding of emerging trends, innovative technologies, and career opportunities in the rapidly evolving landscape of computer science.

Electronic and Online Recommendations” on November 30, 2022 for B.sc (CS) & IT students.

The main objective of this session is to get students understand the Different career perspective in

IT or other fields The Resource Person discussed the following:

- The Importance of Electronic Recommendations in Computer Science and IT.
- Requesting Effective Electronic Recommendations: Best Practices.
- Managing Recommendations Online: Tools and Platforms.
- Ethics in Electronic Recommendations: Bias and Privacy.
- Leveraging Electronic Recommendations for Career Advancement.

Report of the Event: The College-Sponsored Seminar on the Importance of Digital and Online Recommendations explores written or visual commendations of products, services, individuals, or organizations disseminated via digital channels. These endorsements function as a type of social validation, impacting purchasing choices, reputation establishment, and credibility within the digital sphere

- Credibility
- Digital Platform
- Engagement and Interaction
- Transparency
- Regular Update.

TPO CELL & Department of Computer Science & Information Technology

NAME OF ACTIVITY: Java Development Workshop: Building Real-World Applications

DATE & DURATION: December 14, 2022

TYPE OF ACTIVITY: TPO CELL & Department Computer Science & Information Technology

ORGANIZER(S): Department of Computer Science & Information Technology, ACS, Mumbai.

EXPECTED OUTCOMES:

CO-1: Students will be grasping the fundamentals of real-world Java application development, including key concepts and modern frameworks.

CO-2: Students will be gaining proficiency in integrating Hibernate for database persistence, implementing data access layers efficiently.

CO-3: They will be developing dynamic web interfaces using Java Server Faces (JSF) or Thyme leaf, seamlessly integrating frontend with backend services.

MAPPINGS WITH PO & PSO: Mapping Levels: 1- Low, 2- Moderate, 3- Strong

Ph. No. +91-8655678500, 9699625148 • College Code 1033 • E-mail: stwilfred.acs@gmail.com • website : www.stwilfreds.org

The main objective of this session is to get students understand the Different career perspective in

IT or other fields The Resource Person discussed the following:

- Introduction to Java programming language and basics of object-oriented programming.
- Building scalable and maintainable applications using modular programming and design principles.
- Working with databases in Java and implementing CRUD operations.
- Building web applications using Java Servlets, JSP, and Spring Boot.
- Considerations and strategies for deploying Java applications.

Report of the Event: The Java Programming Language Workshop hosted by ACS College proved successful in acquainting participants with the basics of Java. Through interactive activities and a collective project, attendees acquired hands-on experience and bolstered their confidence in employing Java for software development tasks. The workshop's beneficial influence on participants' programming abilities aligns with the college's dedication to nurturing technical adeptness and readying students for careers in software development and associated domains.

Research necessitates a blend of information fluency, analytical reasoning, and technological proficiencies. By adhering to established methodologies and demonstrating diligence in your methodology, you can procure top-tier information and execute comprehensive, trustworthy investigations within the digital realm. Utilizing digital platforms and resources enables the acquisition of data, its analysis, and the derivation of insights for diverse objectives, including academic endeavors, professional assessments, market evaluations, or personal enrichment.

ABSTRACT OF THE SESSION: Department of Computer Science & Information Technology, TPO CELL & Department organized on topic “**Animating in 3D: Workshop on Modeling and Animation Techniques**” on February 05, 2023 for B.sc (CS) & IT students.

The main objective of this session is to get students understand the Different career perspective in IT or other fields The Resource Person discussed the following:

- 3D Modeling Basics and Software Overview.

PRINCIPAL
St. Wilfred's College of
Arts, Commerce & Science

ST. WILFRED'S COLLEGE OF ARTS, COMMERCE & SCIENCE

(Affiliated to Mumbai University)

Opp. Ayush Resort, Near Shedung Toll Plaza, Old Mumbai-Pune Highway, Panvel, Navi Mumbai-410206

Ph. No. +91-8655678500, 9699625148 • College Code 1033 • E-mail: stwilfred.acs@gmail.com • website : www.stwilfreds.org

- Animation Principles and Character Rigging.
- Texturing, Shading, and Material Application.
- Character Rigging and Animation Techniques.
- Lighting, Rendering, and Optimization.

Report of the Event: The 3D Animation Workshop: Exploring Modeling and Animation Techniques, orchestrated by the college, emerged as a rewarding educational experience for its

participants. It adeptly introduced them to the intricacies of animation, imparting valuable perspectives on diverse animation methodologies and applications. By equipping attendees with foundational animation skills and exposure to industry standards, the workshop fostered creative exploration and potential career pathways in the animation domain. The college's unwavering commitment to delivering such educational endeavors plays a vital role in nurturing students' talents and preparing them for a multitude of dynamic and diverse creative fields.
