2. **To conduct student exit survey:** The Principal suggested conducting a student exit survey to gather feedback from graduating students. The survey will focus on their overall college experience, including academic programs, infrastructure, faculty support, extracurricular activities, and placement opportunities. The feedback received will help in assessing the college's strengths and areas for improvement.
3. **To discuss important questions for examination:** The Principal highlighted the need to discuss and finalize the important questions for the upcoming University examination. Faculty members were encouraged to collaborate and share their expertise in determining the key topics and questions that students should focus on during their exam preparation. This will ensure that students are well-prepared for the examination.
4. **Soft skills training for placement and internship:** To enhance students' employability and prepare them for the professional world, the Principal proposed conducting soft skills training programs. These programs will focus on improving students' communication skills, teamwork abilities, time management, and overall personality development.
5. The training will specifically target placement and internship opportunities, equipping students with the necessary skills to succeed in their future careers.
6. **Analysis of slow learners and their mentoring:** The Principal emphasized the importance of identifying and addressing the needs of slow learners. It was suggested to analyze the performance and progress of such students and provide them with personalized mentoring and support. Faculty members were requested to closely monitor the academic progress of slow learners and implement strategies to help them overcome their challenges.
7. **To discuss the conduction of practical examination:** The Principal proposed a discussion on the conduction of practical examinations. The logistics, evaluation criteria, and assessment procedures for the practical exams will be determined and communicated to the faculty members. It was emphasized that the practical examinations should provide a fair and comprehensive assessment of students' practical knowledge and skills.
8. **Submission of dissertations and projects by students:** The Principal reminded the faculty members about the submission deadline for dissertations and projects by the students. Clear instructions and guidelines regarding the format, content, and submission process should be provided to the students to ensure a smooth submission process.
9. **To organize seminars by final year students:** To showcase the research and academic achievements of the final year students, the Principal suggested organizing seminars where they can present their findings and share their knowledge with the college community. This will provide a platform for intellectual exchange and foster a culture of academic engagement.

## **Value Added Course: Cyber security Essentials Certification Program**

### **Expected Outcomes**

**On completion of the course, student will be able to-**

- Participants will gain expertise in advanced Excel functions and formulas.
- Participants will learn advanced data analysis techniques in Excel.
- conditional formatting, and slicers, to summarize, manipulate, and visualize large datasets effectively.
- Participants will explore advanced Excel features and tools for automating repetitive tasks and increasing productivity, including macros.
- Participants will learn how to design professional-quality dashboards and reports in Excel, incorporating interactive charts, graphs, and pivot tables to present data visually and intuitively.
- Participants will develop skills in data cleaning and transformation using Excel, including techniques for handling missing data.
- Participants will learn how to build complex financial models and perform financial analysis using Excel, including techniques for budgeting, forecasting.
- Participants will explore advanced Excel features for collaboration and sharing, including sharing workbooks, protecting worksheets, and tracking changes, enabling them to collaborate effectively with colleagues and maintain data security and integrity.
- Participants will develop problem-solving and troubleshooting skills for resolving common Excel issues and errors.
- Participants will have the opportunity to obtain certification in Advanced Excel skills.
- validating their proficiency and enhancing their credibility and marketability in the job market.

## Assessment: Cyber security Essentials Certification Question Paper

### Instructions:

- Answer all questions.
  - Each question carries 10 marks.
1. What are the main types of cyber threats facing organizations today, and how can they be mitigated?
  2. How does encryption work to secure data in transit and at rest, and why is it important for cybersecurity?
  3. What are the key components of a cybersecurity framework, such as NIST Cybersecurity Framework or ISO/IEC 27001?
  4. How do ethical hacking and penetration testing help organizations identify and remediate vulnerabilities in their systems?
  5. What are the emerging trends in cybersecurity, such as AI-driven security measures or blockchain for cybersecurity, and how are they being implemented?
